Guidelines for the Creation of the Internal Quality Assurance Cell (IQAC) and Submission of Annual Quality Assurance Report (AQAR) in Accredited Institutions

Introduction

In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it will channelize all efforts and measures of the institution towards promoting its holistic academic excellence.

The guidelines provided in the following pages will guide and facilitate the institution in the creation and operation of the Internal Quality Assurance Cell (IQAC). The work of the IQAC is the first step towards internalization and institutionalization of quality enhancement initiatives. Its success depends upon the sense of belongingness and participation it can inculcate in all the constituents of the institution. It will not be yet another hierarchical structure or a record-keeping exercise in the institution. It will be a facilitative and participative voluntary system/unit/organ of the institution. It has the potential to become a vehicle for ushering in quality enhancement by working out planned interventionist strategies to remove deficiencies and enhance quality like the "Quality Circles" in industries.

Objective

The primary aim of IQAC is

- To develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution.
- To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

Strategies

IQAC shall evolve mechanisms and procedures for

- a) Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks;

- b) The relevance and quality of academic and research programmes;
- c) Equitable access to and affordability of academic programmes for various sections of society;
- d) Optimization and integration of modern methods of teaching and learning;
- e) The credibility of evaluation procedures;
- f) Ensuring the adequacy, maintenance and proper allocation of support structure and services;
- g) Sharing of research findings and networking with other institutions in India and abroad.

Functions

Some of the functions expected of the IQAC are:

- a) Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution;
- b) Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process;
- c) Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes;
- d) Dissemination of information on various quality parameters of higher education;
- e) Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles;
- f) Documentation of the various programmes/activities leading to quality improvement;
- g) Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices;
- h) Development and maintenance of institutional database through MIS for the purpose of maintaining /enhancing the institutional quality;
- i) Development of Quality Culture in the institution;
- j) Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC.

Benefits

IQAC will facilitate / contribute

- a) Ensure heightened level of clarity and focus in institutional functioning towards quality enhancement;
- b) Ensure internalization of the quality culture;
- b) Ensure enhancement and coordination among various activities of the institution and institutionalize all good practices;
- c) Provide a sound basis for decision-making to improve institutional functioning;

- d) Act as a dynamic system for quality changes in HEIs;
- e) Build an organised methodology of documentation and internal communication.

Composition of the IQAC

IQAC may be constituted in every institution under the Chairmanship of the Head of the institution with heads of important academic and administrative units and a few teachers and a few distinguished educationists and representatives of local management and stakeholders.

The composition of the IQAC may be as follows:

1. Chairperson: Head of the Institution
2. A few senior administrative officers
3. Three to eight teachers
4. One member from the Management
5. One/two nominees from local society, Students and Alumni
6. One/two nominees from Employers /Industrialists/stakeholders
7. One of the senior teachers as the coordinator/Director of the IQAC

The composition of the IQAC will depend on the size and complexity of the institution. It helps the institutions in planning and monitoring. IQAC also gives stakeholders or beneficiaries a cross-sectional participation in the institution's quality enhancement activities. The guidelines given here are only indicative and will help the institutions for quality sustenance activities.

The membership of such nominated members shall be for a period of two years. The IQAC should meet at least once in every quarter. The quorum for the meeting shall be two-third of the total number of members. The agenda, minutes and Action Taken Reports are to be documented with official signatures and maintained electronically in a retrievable format.

It is necessary for the members of the IQAC to shoulder the responsibilities of generating and promoting awareness in the institution and to devote time for working out the procedural details. While selecting these members several precautions need to be taken. A few of them are listed below:

- ♦ It is advisable to choose persons from various backgrounds who have earned respect for integrity and excellence in their teaching and research. Moreover, they should be aware of the ground realities of the institutional environment. They should be known for their commitment to improving the quality of teaching and learning.
- ♦ It would be appropriate to choose as senior administrators, persons in charge of institutional services such as library, computer center, estate, student welfare, administration, academic tasks, examination and planning and development.

- ♦ The management representative should be a person who is aware of the institution's objectives, limitations and strengths and is committed to its improvement. The local society representatives should be of high social standing and should have made significant contributions to society and in particular to education.

The role of coordinator

The role of the coordinator of the IQAC is crucial in ensuring the effective functioning of all the members. The coordinator of the IQAC may be a senior person with expertise in quality aspects. She/he may be a full-time functionary or, to start with, she/he may be a senior academic /administrator entrusted with the IQAC as an additional responsibility. Secretarial assistance may be facilitated by the administration. It is preferable that the coordinator may have sound knowledge about the computer, its various functions and usage for effective communication.

Operational Features of the IQAC

Quality assurance is a by-product of ongoing efforts to define the objectives of an institution, to have a work plan to achieve them and to specify the checks and balances to evaluate the degree to which each of the tasks is fulfilled. Hence devotion and commitment to improvement rather than mere institutional control is the basis for devising procedures and instruments for assuring quality. The right balance between the health and growth of an institution needs to be struck. The IQAC has to ensure that whatever is done in the institution for “education” is done efficiently and effectively with high standards. In order to do this, the IQAC will have to first establish procedures and modalities to collect data and information on various aspects of institutional functioning.

The coordinator of the IQAC and the secretary will have a major role in implementing these functions. The IQAC may derive major support from the already existing units and mechanisms that contribute to the functions listed above. The operational features and functions discussed so far are broad-based to facilitate institutions towards academic excellence and institutions may adapt them to their specific needs.

The institutions need to submit yearly the Annual Quality Assurance Report (AQAR) to NAAC. A functional Internal Quality Assurance Cell (IQAC) and timely submission of Annual Quality Assurance Reports (AQARs) are the Minimum Institutional Requirements (MIR) to volunteer for second, third or subsequent cycle's accreditation. During the institutional visit the NAAC peer teams will interact with the IQACs to know the progress, functioning as well quality sustenance initiatives undertaken by them.

The Annual Quality Assurance Reports (AQAR) may be the part of the Annual Report. The AQAR shall be approved by the statutory bodies of the HEIs (such as Syndicate, Governing Council/Board) for the follow up action for necessary quality enhancement measures.

The Higher Education Institutions (HEI) shall submit the AQAR regularly to NAAC. The IQACs may create its exclusive window on its institutional website and regularly upload/ report on its activities, as well as for hosting the AQAR.

The NAAC Accredited institutions need to submit only the soft copy as word file (.doc/.docx) through e-mail (capuaqar@gmail.com). The file name needs to be submitted with Track ID of the institution and College Name or EC number. For example MHCOGN16601-Samudra Arts and Science College, Taliamegu-Maharashtra.doc or EC_32_A&A_143 dated 3-5-2004-Samudra Arts and Science College, Taliamegu-Maharashtra.doc. The Higher Education Institutions need not submit the printed/hard copy to NAAC. The acknowledgements would be sent to the institutions through e-mail.

The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. (Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)

4. The College organised health check-up free of cost for economically deprived students.
5. Free Hepatitis A/B campus check up for senior citizens.

2.15 Plan of Action by IQAC/Outcome

The plan of action chalked out by the IQAC in the beginning of the year towards quality enhancement and the outcome achieved by the end of the year *

Plan of Action	Achievements
1. To plan for strengthening Library with more reference books, magazines and Journals.	Library being core and soul of educational institution. Every effort has been taken to equip Library with latest editions of books, reference books and encyclopaedias CD's, National and International magazines, periodicals and Journals. In addition the concept of e-Library has been introduced with sophisticated computers with latest versions of software packages conducive for educational projects and programs.
2. To encourage faculty member for developing real life case study by establishing 'case study development cell' with adequate provision for seed money.	Case study development cell has been established with a view to develop systematic and logical approach among faculty members so that they always think in a abstract, creative, innovative and pragmatic manner to solve issues and problems related to the stakeholders of the Institutions
3. To encourage Art circle students to win more than last year individual and team awards at various inter collegiate drama dance and one act play competition.	Art circle students of our college have achieved landmarks in various drama debate and cultural fest and competitions organized by renowned colleges and social organizations of the city to mention few of the awards such as P.L.Deshpande Mahakarandak award at state level , Prestigious Purushotam Karandak, Sakal Karandak , Best Actor award , Best actress award etc. by bagging all these awards the students of art circle not only improved their own image and reputation but also credibility image and goodwill of the college on the educational scenario of Maharashtra.
4. To effectively introduced Internet Band width wifi facility on the campus.	In order to get cascading effect of information the wi- fi facility has been installed on the campus along with Local Area Network system connecting various computer Labs on the campus. The availability of LAN and wifi system ensures smooth flow of information for policy and decision making in the institute.
5.To consider health services, health check up at free of cost specially for the students from deprived class and economically weaker section of the society	Today considering feverish speed of life and strenuous relation among the members of the nuclear families and ever increasing pollution have created health hazardous problems in young generation and therefore the life expectancy has come down drastically.

6. To encourage all the members of educational fraternity to make comprehensive use of library.	Encouragement, motivation is always given to all the teaching, non teaching members of the staff and students to make consistent use of library so as to upgrade them with current and recent trends in business commerce industry and the world around.
7. To understand Industrial visits on extended basis with regards to bound destinations to various states.	Teachers and students are encouraged, influenced and motivated to undertake industrial tours and visits to bridge the gap between theory and practice and to interact freely and frankly with various industry personnel to do minute observations and wide surveys to collect necessary information and documents for academic purposes and to mould the students as per the requirements of the industry to make them employable in the open market.
8. To encourage students and teachers to conduct subject wise and department wise seminars workshop and conferences.	Seminars, workshops and conferences creates platform for the exchange of recent trends. Creative ideas, innovative paths to discern harmonious, relationships, suggestions recommendations, findings and new measurements to scale new altitudes in the field of commerce and management. So far, the students and teachers of the college have organized various academic events rallies , workshop and seminars on various issues and topics related to commerce and management such as personality development , sex education, spandane yuvakanche, film show on Bhagat Singh, workshop on Narendra Dabolkar and his thoughts, deviation and demonetisation of Rupee, computerized accounting .Building a career for life in Entrepreneurship , Gandhivichar, fresh face competition Purshottam karandak, P.L.Deshpande Mahakarndak, Anti - dowry elocution competition ,Savitrichya Leki women awareness program etc.
9. To have students feedback from various departments	Students are the true judges for the assessment of teachers in the college. Our college has developed a mechanism through students feedback of teachers form the assessment of teachers in which students have to rate the teachers by putting tick mark as poor teaching, good teaching ,better teaching and excellent teaching. On the basis of ratings given by the students the concerned teacher if performing better is continued and those who are not performing satisfactorily are instructed to improve their academic and teaching performance.
10. To give financial support to students from marginal background.	The college chalked out a plan to give financial assistance to the deprived and the economically backward students through concession in fees, paying the fees in equal instalments, waiving of full fees and even the students from remote, rural

	and mofisil areas are adopted by the management of the college these students can pursue their higher education absolutely free of cost. Students are also given free accommodation in the college hostel.
